Re: Compliance correspondence and related matters  
Kent Bioremediation - Our project 2098

Dear Bob:

Accompanying this note is a copy of Ross Schaff's letter to John Stormon, hydrogeologist with the Washington Department of Ecology memorializing their telephone conversation about the Kent project.

I am also enclosing for your records a copy of the "Street Use Permit" numbered 1624. It turns out the concern of the City of Kent has to do with dirtying the streets, which can occur during excavation and removal activities. Since the material to be hauled in the next week or so will be inbound and contained in trucks, the city did not require a bond, which could have cost up to \$500.00. Note the permit expires six months from January 22, 1993.

One of the conditions of the permit is that we keep mud, dirt, or other substances from tracking onto the streets of the City. We'll monitor the tracking in the yard, but I would guess there is little risk we will be putting anything on the City streets. But we'll watch.

Very truly yours,

Richard A. Lyon  
Vice President

ROSS G. SCHAFF, Ph.D.

Senior Geologist

January 21, 1993

Mr. John Stormon  
Hydrogeologist  
Washington Department of Ecology  
3190 160th Avenue SE  
Bellevue, Washington 98008-5452

Dear John:

Pursuant to our telephone conversation this day, I am providing you this letter for your files.

Environmental Services, Ltd. is acting on behalf of Lynden Incorporated and subsidiary companies, including Alaska Marine Lines, Inc., to complete cleanup activities related to underground storage tank removals at their properties at:

6250 South 228th Street  
Kent, Washington

5615 West Marginal Way SW  
Seattle, Washington

7100 Second Avenue S  
Seattle, Washington

We plan to transport the petroleum contaminated soils, which were excavated outside of the UST's, from the two Seattle sites to the Kent site, where remediation of the Kent materials is underway.

Upon completion of the remediation, the cleaned soils will be transported to the Alaska Marine Lines, Inc. property at 5500 West Marginal Way SW, where they will be used in construction on that property.

We will begin the project on January 27, 1993, and complete it by August 1, 1993. A final report will be submitted to Lynden by September 1, 1993.

Thank you for your assistance with this plan of action.

Sincerely yours,

*Ross G. Schaff*

Project Manager

Permit No. <b>1624</b>		<b>CITY OF KENT STREET USE PERMIT</b>	Date <b>1/22/93</b>
PROJECT: <b>Lynco Transfer, Inc</b>		TL <b>142204-9035</b>	
Transporting 600 cu yds of petroleum contaminated soil from		TAX LOT	<b>970600-0200</b>
Seattle to 6250 S 228 St & adding to current bioremediation proj.			
LOCATION: <b>6250 S 228 St</b>			
APPLICANT: Name	Address		Phone Number
<b>Environmental Services, Ltd</b>	<b>5653 42 Ave SW, Seattle, WA 98136-1510</b>		<b>937-5226</b>
Contractor: <b>Gaston Bros. Excavating Inc</b>			<b>241-0876</b> <b>0827</b>

Pursuant to the conditions of City of Kent Ordinance #2286, the applicant is hereby authorized to use and travel City streets in conjunction with the construction activities at the specified location. Said permit is granted subject to the following conditions:

### CONDITIONS

1. Applicant shall continuously keep the streets and storm drain system free from all debris attributed to the work performed under the respective building, grading and/or fill permit. Tracking mud, dirt, or any other substance onto the streets is specifically prohibited by City Ordinance No. 2154.
2. The Director of Public Works or designate may without advance notice and by posting the work site suspend or revoke a permit issued hereunder.
3. No new permit will be issued or the suspension lifted until above Condition No. 1 is met.
4. Where the Director of Public Works or designate determines that no immediate action has been taken to comply with the conditions of No. 1 above, and in his sole judgement determines that in the best interest of the City that immediate action should be taken, the City shall order the work done and cost thereof shall be deducted from the indemnity fund at the actual cost plus 15%.
5. The Director of Public Works or designate may in writing suspend or revoke a permit issued hereunder whenever the permit was issued in error or on the basis of incorrect information supplied or in violation of any other ordinance or regulation of the City.
6. When total inspection time exceeds two hours, an extra charge shall be invoiced to the applicant at a rate of \$20.00 per hour.
7. All cleanup and performance shall be verified by and to the satisfaction of City of Kent inspectors. Notify 24 hours in advance before starting work. 859-3383
8. Time Limit: Permit valid for six (6) months from date of issuance. Applicant must re-apply for extension prior to expiration of first permit.

**BASIC PERMIT FEE: \$50.00**

**INSPECTION TIME EXCEEDING 2 HOURS SHALL BE INVOICED TO THE APPLICANT AT A RATE OF \$20.00 PER HOUR.**

**CASH INDEMNITY DEPOSIT AMOUNT: \$** no charge

Indemnity fund shall cover the costs of street cleaning and maintenance, utility repair, completion of unfinished work or any other expenses the City may incur due to deficient work on the project. Following project completion and cleanup, the balance of the fund shall be returned to the applicant.

\*Amount of the bond shall be established by Public Works Director or designate.

I recommend that this permit be granted subject to the conditions set forth herein.
